IMPORTANT

To all applicants to the M.Arch.I (First Professional Degree) program:

It is crucial that you inform us of your plans to complete the course prerequisites listed below. If you have completed the prerequisites and they are included in your academic transcripts, also indicate this in the appropriate spaces below.

Your application will not be submitted for final review until you have informed us that the following courses have been taken, or how you plan to complete them prior to enrollment in the Fall of 2012 (assuming you are admitted to the M.Arch.I program).

Indicate below when and where you have taken, or plan to take, one college-level course in each of the following areas:

Physics: one basic college-level Newtonian physics course covering light, heat and sound. It is not necessary to take a calculus-based physics course.

Mathematics: one college-level math course covering algebra plus geometry or trigonometry; or one college-level course in precalculus or calculus.

History of Architecture: a survey course that covers antiquity to the present, minimum one semester or two quarters. Note: Art History courses do not satisfy this requirement, you must take a course in Architectural History.

Basic Drawing or Basic Design.

	School attended or to be attended	Date completed or to be completed
